

# Cooker usage

The cooker has a **gas hob** with an **electric fan oven** and **grill**

## The electric fan oven and grill

Turn the right hand side knob to the left for the grill, to the right (third) for the oven

The left hand side knob controls the temperature

## The gas hob

Turn the knobs on the right hand side and click the ignition button to turn on

Note: There is no automatic safety switch-off / flame failure device for the gas hob
